

FREE one-off standard gas connection

Northern
Gas Networks

In partnership with
GOwarm

**can help you with...
a FREE one-off standard
gas connection**

Dear householder

If you are not connected to the gas mains network and would like to be, Northern Gas Networks may be able to arrange a free standard connection for you.*

If your home is within 23 metres of an existing gas main and you are either aged over 70, in receipt of certain benefits, spend more than 10% of your annual income on heating your home or live in a designated area you could qualify for a free gas connection.

Gas is one of the most cost effective ways to heat your home and hot water. It can help you lower your heating bills, it is clean, efficient and offers heating systems which are easy to control. It can also help the environment by reducing carbon emissions (CO₂).

**If you think you may be eligible, contact our partner,
GoWarm for a free assessment on:**

08444 99 99 44

*If you don't qualify for a free standard connection,
you may still be eligible for help
to lower the price.
